## **DETAILED ACTION**

### ***Reasons For Allowance***

1. Claims 1-8 and 13-16 are allowed. These claims are to be renumbered as 1-8 and 9-12, respectively.
2. The following is a statement of reasons for allowance:

Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest a method comprising: accessing a first multi-dimensional graphical matrix representation that describes the appearance of a plurality of points of an object from a plurality of viewing directions, the appearance varying from point to point and viewing direction to viewing direction; creating a second graphical representation that approximates the first graphical representation and that includes at least one expression having a fewer dimensions than the first multi-dimensional graphical representation by decomposing the first multi-dimensional graphical representation into the second graphical representation, the decomposing including sign consistent matrix factorization to selectively represent information from the first graphical representation.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
